3a. Guest: Trudy Peterson. Odd fellows Home has a vacant lot, which unfortunately has been used for "doggie doo." Odd fellows does not police the lot, but hasn't seen dogs out there lately. ANA members talked that they've seen people there on Sat. and Sun. mornings. There's also concern that dogs are off leash, at early hours.

There was discussion about posting signs, or the necessity of a fence (would rather not). Let's put information and warnings in the Astor Outlook.

Dan P. mentioned his concern that Green Bay does not have an inner city dog park.

3b. Guest: Sarah Schmitz (GB Public School system), appeared once again as the "summer lunch lady." She distributed trifold, and explains the Summer Food Service Program in the parks.

7. Ongoing projects

a.1. Street Sign Project: Teppie "modeled" the new street sign. Brown is a historic district color in Wisconsin. \$15,000 bill, at \$410 per sign. Discussion ensued about how much to take out of the Money Market. We won't receive the \$5400 from NHS until we actually go ahead with the Street Signs.

Motion made and seconded, to take \$7000 (includes the \$2915 designated for Street Sign) from current funds, plus the \$5400 NHS grant, to pay toward the new Street Signs.
Motion Carried

a.2. Carolyn Barnard prints; Mike Nass is now handling them. Questions surfaced about how much we owe Carolyn, and how much she owes us. Astor Neighborhood owns the original picture. Mike Nass will check out Ebay for selling the original.

b. Hospital corridor/Parking issues/St. V. ramp: Mon. June 23, 4-6 PM, Rm. 604 City Hall meeting, where St. V. will hopefully reveal their plan and options. Bellin is still bussing employees for off-site parking.

c. Neighborhood Housing mini grant ideas: Jane J., and Maria M., will help Teppie write the grant. Ideas include: doggie area, flowers on new boulevard, another Astor sign for those coming from De Pere, sculptures in the park, fountain, banners along Monroe street lights, lighting on Astor sign, clock by the former bandshell area. The clock seemed to be the main choice, and lighting on the Astor signs a secondary choice.

d. Astor sign/landscape: Mike N. has the plan, and will plant next week or so. Thurs., June 26, 5:30 PM. Mike will try to get Tillman's to deliver everything.

8. New Business

- a. Fall Seminar on restoration? Not at this time.
- b. Dan Pagel – Art in the Park idea, will check in the future.
- c. Closed High School Campus: petition available.
- d. Astor Company Store: can be set up on our web site, for \$80. Thanks, Dan P., for donating \$40 to help start it up.
- e. Inspection. Our major has assured us that we could have a blanket inspection of our neighborhood, if we wanted to.
